INTERACTIVE QR CODES

QR codes placed on section introductions link automatically to the corresponding website page. All you need is a mobile device with a camera.

MOTIONCRAFT

An American Tradition.

Look for these icons indicating available custom options for each Motioncraft item.

Leather Options

Who can resist the comfort of leather? The hide icon points out frames that can also be covered in any of our luxurious leathers.

My Seat Bluetooth

MySeat Bluetooth control option is available for all power reclining mechanisms.

Power Options

This icon indicates frames that are either standard or also available with an electric motor.

Finish Options

Let your imagination run wild with our hand applied Custom Finish program. You can even mix and match finish combinations. The opportunities are endless.

Fabric Options

This icon points out frames covered in our luxurious leathers that can also be covered in our high quality fabrics.

Nailhead Trim

Nail trim options are available on many items, so you can pair the perfect nailhead to customize your piece.

Articulating Headrest

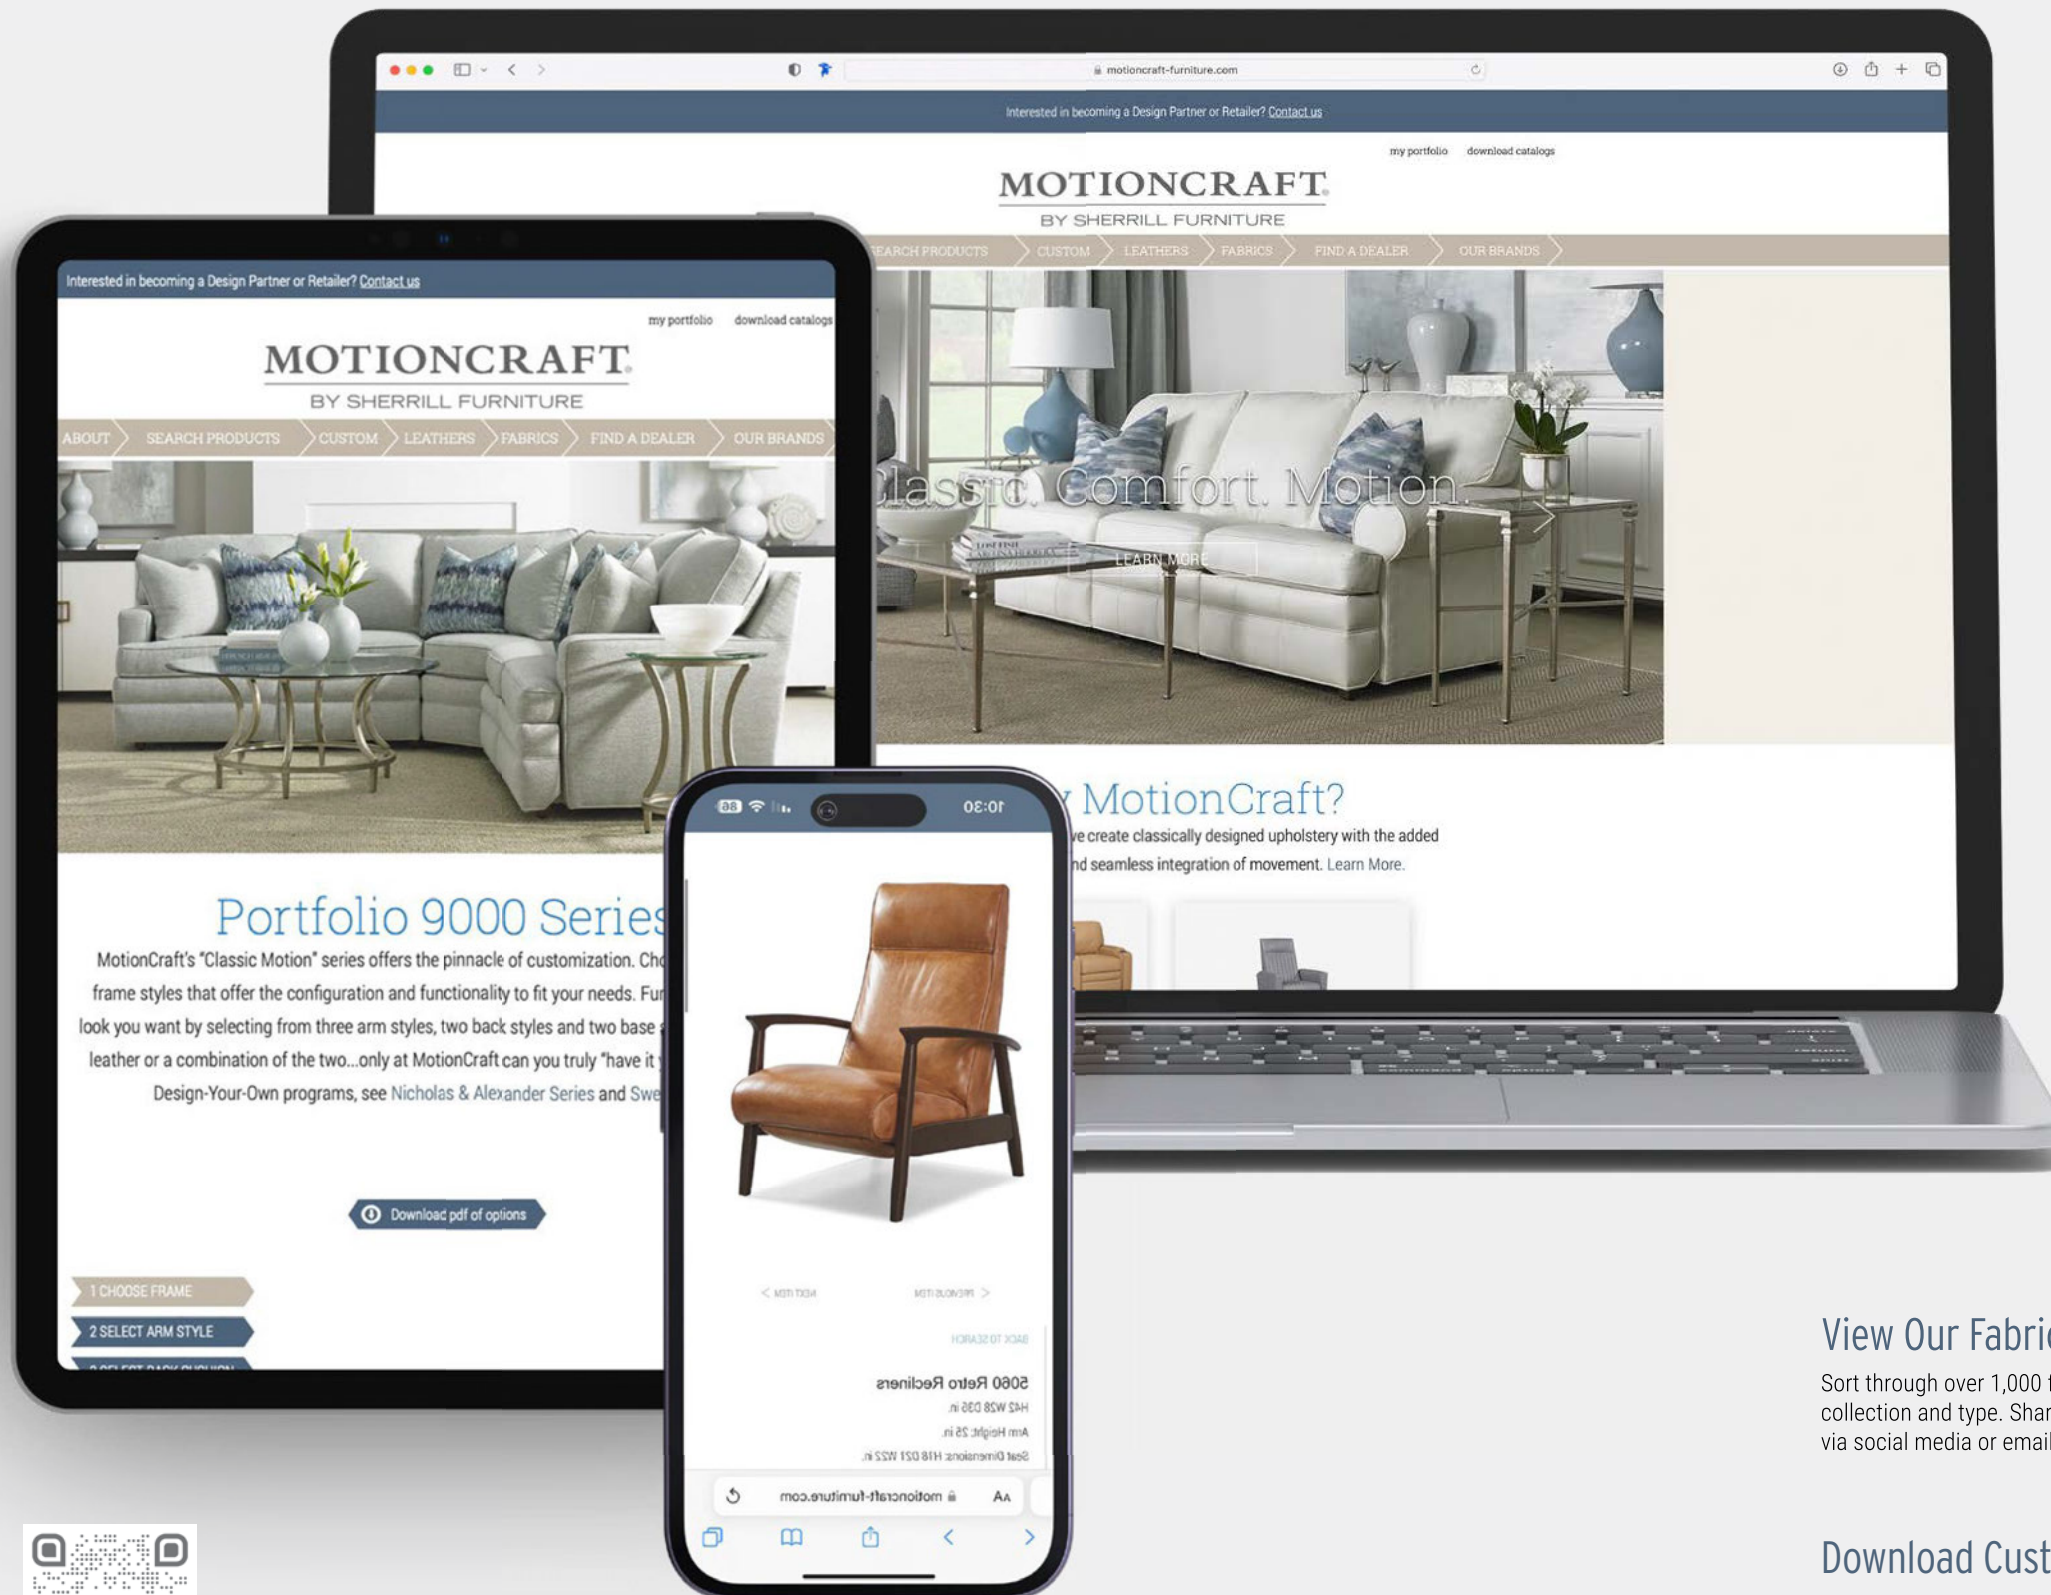

This icon indicates frames that are available with an "articulating headrest". This option allows the upper portion of the headrest to tilt forward when in partial or full recline positions to aid TV viewing.

Log in and save your favorite Motioncraft items. With the ability to print, share, save and email the specs, we make it easy to organize your wish list.

LEARN MORE ABOUT
MOTIONCRAFT ONLINE

Motion Furniture that doesn't look like motion

The core of the MotionCraft brand is the combination of comfort, easy to use functionality, versatility and incredible style. Motioncraft's innovative technology is paired with over 1000 fabrics and 100 leathers. It is the art of comfort with the spectrum of traditional to transitional style. Virtually all styles are available in Power and with MySeat wireless Bluetooth control.

L3630P Santa Fe Dual Power Reclining Sofa

3 Way Recliners

SEE PAGE 6

MotionCraft's 3 way recliners combine timeless styling with extraordinary comfort. Our reclining mechanism supports the 3 basic positions of recline seating: Fully closed, TV and Full recline positions... just by pushing on the arms. When the Power option is specified, the chair supports infinite positions.

Wall clearance: 18 to 21 inches

FULLY CLOSED

RECLINED TV POSITION

FULLY RECLINED

Wall Proximity Recliners, Sofas and Sectionals

SEE PAGE 18

Motioncraft's Wall Prox mechanism raises the bar on comfort when space is at a premium. Only available with Power, this mechanism supports infinite positions. The power recline function allows you to open/close the chair to any position by pressing and releasing the activator switch (just like your car seat).

Wall clearance: 5 to 6 inches

FULLY CLOSED

RECLINED INFINITE POSITIONS

Zero Wall Recliners, Sofas and Sectionals

SEE PAGE 30

MotionCraft's Zero Wall mechanism represents the pinnacle of comfort and design. The mechanism supports infinite positions and is fully enclosed within the framework. All motion occurs internally. This allows you to place the sofa or chair against the wall, additional wall clearance is NOT necessary.

Wall clearance: 0 inches

FULLY CLOSED

RECLINED INFINITE POSITIONS

NEW Power Lift Recliner

Comfort From Every Angle.

Our lift chair mechanism not only works as a fully functional recliner offering infinite position adjustability, it also offers motorized lift and seating support. By pressing the button via the corded wand control, the chair raises and lowers to any position offering standing and seating assistance.

Sitting to Fully Standing.

Sitting to Fully Reclined.

3 Way Recliners

FULLY CLOSED

RECLINED TV POSITION

All 3-way recliners are standard with secondary footboard providing an additional 5 inches of foot support.

FULLY RECLINED

OPTIONS AVAILABLE

-  Leather
-  Finish
-  Power
-  Fabric
-  My Seat Bluetooth
-  Nails
-  Articulating Headrest

MotionCraft's 3 way reclining mechanism supports the 3 basic positions of recline seating: Fully closed, TV and Full recline positions just by pushing on the arms. When the Power option is specified, the chair supports infinite positions. All 3-way recliners are standard with secondary footboard providing an additional 5 inches of foot support.

Many of these styles are also available with an Articulating Headrest allowing the headrest to tilt forward in the recline position for additional comfort and/or TV viewing.

2 Button Actuator Switch

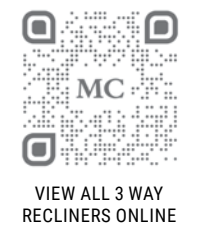

When one motor is utilized, one button opens and one button closes the recliner. When two motors are utilized (articulating headrest option) one button opens and closes the chair, the 2nd button tilts and retracts the articulating headrest. All buttons offer USB charging support. Our standard procedure is to install the actuator switch on the inside of the Left Arm Facing. Right Arm Facing is also available, just specify when ordering.

My Seat
Bluetooth

Our wall proximity mechanism allows the chair to shift forward within the base as the chair reclines. This forward motion reduces the typical wall clearance to 6 to 8 inches. Our wall proximity recliners are only available as power which allows the user infinite position adjustability when opening and closing the recliner.

2 Button Actuator Switch.

When one motor is utilized, one button opens and one button closes the recliner. When two motors are utilized (articulating headrest option) one button opens and closed the chair, the 2nd button tilts and retracts the articulating headrest. All buttons offer USB charging support. Our standard procedure is to install the actuator switch on the inside of the Left Arm Facing. Right Arm Facing is also available, just specify when ordering.

OPTIONS AVAILABLE

MotionCraft's Zero Wall mechanism represents the pinnacle of comfort and design. This mechanism is fully enclosed within the framework of the sofa or chair. All motion occurs internally. This allows you to place the sofa or chair against the wall; additional wall clearance is not necessary.

2 Button Actuator Switch

When one motor is utilized, one button opens and one button closes the recliner. When two motors are utilized (articulating headrest option) one button opens and closes the chair, the 2nd button tilts and retracts the articulating headrest. All buttons offer USB charging support. Our standard procedure is to install the actuator switch on the inside of the Left Arm Facing. Right Arm Facing is also available, just specify when ordering.

9000 Series

Motioncraft's 9000 series offers the pinnacle of customization and functionality utilizing our Zero Wall Mechanism. Only available with power, this mechanism allows full recline capabilities within a fully upholstered exterior (all motion occurs within the frame) therefore addition wall clearance isn't necessary. This series is also the perfect option should your furniture need to be floated in the room.

Our Motioncraft sleeper lineup is comprised of two prominent mattress/mechanism foundations.

The Cozy system is an industry "new comer" in the premium sleeper sector. Their technology allows for an industry leading 7" thick innerspring mattress offering unparalleled comfort, support and durability.

Our standard foundation features a Legget & Platt mechanism and a Kingsdown 5" innerspring mattress. Both products have been industry leaders for years and are noted for their durability and comfort.

31350 Taylor Queen Size Sleeper

Mechanism

Double Locking TV Headrest - provides added comfort while lounging or watching TV by raising the upper body.

All Tubular Frame Construction & Dual One Piece Tubular Legs

- provide enhanced stability and strength by allowing the unit to be operated from the center and side position.

Extended Deck Coverage - the polypropylene decking is designed to extend beyond the metal frame and linkage parts eliminating any metal to upholstery contact.

Seat Support Wires - provides support while sleeping, plus adding durability to the overall unit. Support wires also give the quality feel of stationary seating.

Standard base on 8000 Series

Mattress

5" Interspring mattress is standard.

KINGSDOWN's exclusive SLEEP IN MATTRESS INNER ROLL construction makes this the ideal innerspring mattress made for sleep sofa use. The Kingsdown Sleep In Mattress is the standard by which others are judged.

Luxurious comfort – cover is INNER ROLL quilted to thick layer of Kingsdown quality foam.

Allergy Free – Exclusive Flexatron is a blend of all man made fibers, thermally bonded in an oven at over 400 °F providing an environmentally friendly and hypoallergenic padding material.

Mildew resistant and odor free – unlike raw cotton materials which is a natural medium for bacteria growth and retains moisture, FLEXATRON will not host mildew or odors.

Longer life and more support – inner spring units are totally oven tempered giving the units "memory". The units have resiliency which provides longer lasting performance.

No coil feel – FLEXATRON insulation is thermally bonded for permanent shaping, wrapping the inner- spring unit, hugging the edges so it can never shift, lump or bunch. This application eliminates pocketing of insulation.

Improved seating comfort when used as a sofa – Exclusive INNER ROLL construction with channel quilting prevents bunching, easier to fold flatter and store away.

Environmentally friendly mattress – engineered with all man made fibers and CFC-free foam cushion material does not produce fluorochemicals which are damaging to the environment.

Securely locked cover and insulation – Flanging and hog ringing locks cover and cushioning into place. This INNER LOK process prevents bunching and traveling.

Standard mattress on 8000 series

(Optional) Air Dream Mattress

Air Dream mattress is available for an upcharge. + indicates styles available with optional Air Dream mattress. Queen size mattress 60 x 73" – standard in sleep sofas. Twin size mattress 40 x 73" – standard in sleep loveseats.

Air over coil technology creates a sleep surface with the comfort and support that rivals premium mattresses.

Operates with a lightweight, convenient, handheld, quick fill electric pump (included). Air Dream mattress inflates in 45 seconds, deflates in 30 seconds.

Optional mattress upcharge on 8000 Series

CUSHIONS

SPRING-FORTREL

This no charge seat cushion option is a combination of individually wrapped coil springs encased in a premium high density urethane foam core which is wrapped with polyester fiber and encased in a woven down proof fabric ticking. This cushion choice offers maximum durability and resiliency.

SOFT & RELAXED

HR-UD

cushions are a combination of premium urethane foam with polyester fibers encased in ticking. This cushion is STANDARD on all Motioncraft styles unless otherwise specified.
