5 Series Design Your Own

Surround yourself in total comfort...

The 5 Series is the ultimate opportunity to create your own personal one-of-a-kind, sophisticated-casual statement of luxury seating.

This transitional series features our Zero Wall mechanism and is available only with power. All movement occurs within the frame which allows the furniture to be placed against the wall. No additional wall clearance is necessary. The outback is fully upholstered which makes this series perfect should your furniture need to be floated in the room.

Generous in scale and uncompromising in comfort, the 5 Series custom frame options allow you to build your own chair or sofa frame style. Choose the size, number of back and seat cushions, as well as your choice of three arm styles.

Add to that the tremendous assortment of Sherrill custom fabrics and finishes, as well as C.O.M., and the opportunities are seemingly endless.
